
New Member States Climate Protection and Economic Growth

*Workshop at the Ministry of Environment and Water,
67 William Gladston Street, Sofia
2 – 6 pm, February 11, 2015*

Topic: Presentation of findings from the ‘New Member States Climate Protection and Economic Growth’ and ‘Macroeconomic implications of a burden sharing non-ETS GHG target’ projects for Bulgaria

2:00 – 2.15 pm

Purpose of the workshop and introduction by the host and BMUB

2:15 - 3:45 pm Session 1:

Economic implications of climate mitigation under the burden sharing

- General introduction round
 - **Presentation of the study by Prof. Diana Mangalagiu, GCF**
Research results from the micro and macro approach
 - What opportunities are there for compensating economic burdens in Member States with a lower GDP/capita?
 - How does this affect the socio-economic implications of a GHG target under the burden sharing?
 - Open questions & limits and challenges in research and implementation
 - Discussion round
-

3:45 - 4:00 pm Coffee Break

4:00 - 5:00 pm Session 2:

Policy instruments addressing the Non-ETS sectors in Bulgaria and Germany

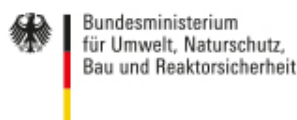

- Brief presentations by representatives of the Bulgarian Ministry of Environment in which Non-ETS sectors plans and measures are already decided
 - Brief presentations by representatives of the German Ministry of Environment in which Non-ETS sectors plans and measures are already decided (Climate Action Programme 2020)
-

5:00 - 6:00 pm Session 3: Outlook in plenary discussion

- Important steps in the implementation of the 2030 climate and energy package.
 - Needs for further inquiry & next steps for future dialog.
-

6:15 pm Dinner
